

22nd MAY 2014:

It's the day of the **local and Euro elections**.

It's the day to **say NO** to those who are encouraging racism and hatred.

WHY VOTE?

The far-right is gaining alarming support right across Europe. In the UK, where MEPs are elected under proportional representation, anti-migrant feeling is being stirred up by certain sections of the media and politicians. **It is only by voting that your voice can be heard.**

In 2009, the BNP won a seat in the North West with only 8% of the vote.

WHAT CAN I DO?

- ✓ **VOTE** – and encourage your friends, family and colleagues to vote too.
- ✓ **ASK** your Euro and local candidates for their views on race and asylum issues.
